

September meeting:

Brookhaven National Laboratory

Technology & Innovation for Long Island, New York, and Beyond

Thursday, September 14, 2017

8 to 10 a.m.

The Woodlands at Woodbury | One Southwoods Road, Woodbury

DAVID MANNING
Director, Stakeholder and
Community Relations,
Brookhaven National Laboratory

David Manning takes us on a tour of BNL's past, present and future – from the Relativistic Heavy Ion Collider and the Computational Science Initiative, to Upton Square and plans for a new campus, to the college interns working side-by-side with the Lab's scientists.

What does their work mean for economic development on Long Island?

In advance: WEDLI members: \$25, Guests: \$35 | At door: Add \$5

Reserve online: www.WEDLI.org
